From the Principal

School overview

Welcome to Malanda State School. We are a co-educational Prep to Year 6 facility situated on the picturesque Atherton Tableland amidst the rainforests of tropical Far North Queensland. Our student enrolment ranges in the low to mid 300s. Malanda is a rural community proud of its traditional values. The school draws from the local town, small acreage properties and surrounding farms. Our community is reliant upon agriculture and, to a lesser extent, the tourism industry. Malanda State School is a school where the children are taught to be Safe, Respectful Learners and where Work with Pleasure is not just the motto on our school badge, but is also the underlying ethos. The students are generally happy and enthusiastic learners who involve themselves in a broad range of activities available through the school and the wider community. Extra-curricular activities at school include academic competitions, sports, gardening, leadership, music and community involvement. In the main, our students are well-behaved and they strive towards the school's universal expectations of Being Safe, Being Respectful and Being a Learner. There is active and consistent application of School Wide Positive Behaviour with children being explicitly taught desired behaviours and rewarded for demonstrating them. Our younger children enjoy weekly visits from the school's behaviour mascot, Miss Moolanda, a friendly cow who helps them to remember their weekly behaviour lesson, and all children look forward to the ongoing behaviour awards and rewards. Results on the 2014 School Opinion Survey indicate that 100% of surveyed parents believe their child feels safe at school and that their child likes being at the school. At Malanda State School we pride ourselves on putting relationships first and we strive to ensure that every child receives a quality education in an environment where they feel happy, safe, supported and encouraged to learn. Our firmly held belief, articulated in the school's Charter of Expectations and demonstrated by the dedication of our staff, is that Every Child Can Succeed. Summaries of our most recent external audits commend the school as having a climate that supports learning. Staff continue to focus on the development of positive relationships with learners and their families, exemplifying the belief that relationships must come first before positive learning outcomes can be achieved. Parents are encouraged to participate in their child's education by involvement in various activities and groups. The Parents and Citizens' Association offers a forum for interested parents to learn directly about each month's activities in the school as well as facilitating participation in consultation and working parties. Parents are welcomed as volunteers in our school: tuckshop helpers, reading helpers, gardening supervisors, volunteer teacher's aides and co-ordinators of lunch-time activities are all valued. Teachers communicate regularly with parents via class newsletters, copies of which are also emailed through distribution lists that have been established for all classes. The school's newsletter is published fortnightly, distributed in hard copy and via email for each family, and uploaded on the school's website. Additionally, parents are encouraged to register with the QSchools' app so that they can easily access the latest school news and receive notifications of important events. Parents engage in their children's education by monitoring homework and encouraging quality work on projects, and they play a critical role in setting expectations for their children when they read and discuss bi-annual report cards with their sons and daughters. Special events are another opportunity for parents to show support of their children; our sports carnivals are always very well attended by spectating parents and family as are the Meet'n'Greet barbecues, Bilby Bops, end of year celebrations and fetes. Our school-wide curriculum is developed collaboratively and is aligned to the Australian Curriculum. Queensland's C2C materials are used to support teacher planning and student learning. We concentrate on the acquisition of literacy and numeracy skill development by using a variety of foundational learning programs and through the development of individual reading and writing improvement plans for every child. Our students enjoy studying such subjects as English, Maths, Science, History, Geography, Art, Technology, Health and Physical Education, LOTE and Music. Our staff has a high and consistent expectation of students' work ethic. Overall, Malanda State School is a progressive school with good student achievement data. We work closely with the local early learning centres and high school to support all students on their journey of life long learning. We welcome you to contact our school at any time to learn more about what we can offer; we'd love to have you become a part of our happy and inclusive school community!

The [class size](#) targets for composite classes are informed by the relevant year level target. Where composite classes exist across cohorts (e.g. year 3/4) the class size targets would be the lower cohort target.

Curriculum implementation

The P–12 curriculum, assessment and reporting framework specifies the curriculum, assessment and reporting requirements for all Queensland state schools' principals and staff delivering the curriculum from Prep to Year 12. Further information on school implementation of the framework is available at <https://education.qld.gov.au/curriculum/stages-of-schooling/p-12>.

Extra-curricular activities

Queensland state schools provide a wide range of subjects and extra curricula activities such as sport, art, music and school camps. Further information can be found here <https://www.qld.gov.au/education/schools/information/programs>.

How information and communication technologies are used to assist learning

Information and communication technologies (ICT) are an important part of contemporary schooling. The Australian Curriculum includes ICTs as a general capability across all learning areas, as well as Digital

Technologies as a specific learning area. Further information on models used by schools to assist learning is available at <https://education.qld.gov.au/parents-and-carers/school-information/student-ict-device-programs/one-to-one-models>.

Social climate

Overview

Each Queensland state school develops and enacts policies to support an integrated approach to behaviour, learning and teaching.

Our Student Code of Conduct is our school's behaviour policy, with information about school rules, consequences and processes for addressing bullying and the use of technology. A copy of this is available on our school website.

Further information is also available at <https://www.qld.gov.au/education/schools/health>.

Parent and community engagement

Our approach to engaging with parents and the community is aligned to the departments Parent and community engagement framework. The framework helps students, schools, parents and the community to work together to maximise student learning and wellbeing. Research shows parent and community engagement that is effectively focused on student learning can deliver powerful outcomes. Further information is available at

<https://education.qld.gov.au/parents-and-carers/community-engagement>

Respectful relationships education programs

Our school has implemented the Respectful relationships education program (RREP) as part of the broad multi-departmental Queensland Government approach to ending domestic and family violence.

The RREP is a Prep to Year 12 prevention program that focuses on influencing behavioural change to build a culture based on equality and respect in our students, staff, parents and wider community. Students are provided opportunities to explore social and emotional learning in self-awareness, self-management, social awareness, relationships, ethics, values, social norms, gender roles, stereotypes, human rights, risk and responsible decision-making. A growing body of evidence shows that social and emotional learning of this nature leads to:

- improved social and emotional skills, self-concept, bonding to school and classroom behaviour
- less disruptive classroom behaviour, aggression, bullying and delinquent acts
- reduced emotional distress such as depression, stress or social withdrawal.

Further information is available at <https://education.qld.gov.au/curriculum/stages-of-schooling/respectful-relationships>

School disciplinary absences

Type of school disciplinary absence	2017	2018	2019
Short suspensions – 1 to 10 days	4	8	6
Long suspensions – 11 to 20 days	1	0	0
Exclusions	0	0	0
Cancellations of enrolment	0	0	0

Note:

School disciplinary absences (SDAs) are absences enforced by a school for student conduct that is prejudicial to the good order and management of the school.

Environmental footprint

Reducing this school's environmental footprint

Environmental education has been a feature of Queensland schools for more than 30 years. In many schools it has been creatively and proactively incorporated into the curriculum in each phase of learning, and is also reflected in the school's facilities and in the actions of its principals, teachers and students.

Table 7: Environmental footprint indicators for this school

Utility category	2016–2017	2017–2018	2018–2019
Electricity (kWh)	200,796	246,183	256,180
Water (kL)	2,521	2,559	5,956

Note:

Consumption data is compiled from sources including ERM, Ergon, CS Energy reports and utilities data entered into OneSchool* by schools. The data provides an indication of the consumption trend in each of the utility categories which impact on this school's environmental footprint.

*OneSchool is the department's comprehensive software suite that schools use to run safe, secure, sustainable and consistent reporting and administrative processes.

Qualification of all teachers

The Queensland College of Teachers (QCT) is responsible for ensuring that teaching in Queensland schools is performed by an appropriately qualified person, that has successfully completed either -

- (a) a four-year initial teacher education program including teacher education studies of at least one year (e.g. a Bachelor of Education, or a double Bachelor degree in Science and Teaching) or
- (b) a one-year graduate initial teacher education program following a degree (e.g. a one-year Graduate Diploma of Education (Secondary) after a three-year Bachelor degree) or
- (c) another course of teacher education that the QCT is reasonably satisfied is the equivalent of (a) or (b). These are considered on a case-by-case basis.

For more information, please refer to the following links

Professional development

Teacher participation in professional development

Queensland state schools undertake 5 staff professional development days (25 hours) throughout the year:

- 2 days at the end of the summer holidays (fixed)
- 2 days during the Easter holidays (flexible)
- 1 day in the third last week of Term 3 (fixed) on the student free day.
